

Yanabiya Admin Panel

Quick Reference — Admin → Frontend Map

This guide maps every option in your admin sidebar to what it controls on the public website. Use it as a quick lookup when you want to edit something specific.

Admin URL (Production)	https://main.d5va1xe1a6sj1.amplifyapp.com/admin/login
Email	admin@yanabiyagroup.com
Password	YanabiyaAdmin@2024
Public Site	https://main.d5va1xe1a6sj1.amplifyapp.com/

How the CMS works

When you edit anything in the admin and click **Save**, the change is written to MongoDB instantly. The public website reads from the same database on every page load, so visitors see your changes within seconds (after they refresh).

***Browser cache:** Visitors who already have the page open might see the old version cached for up to 24 hours. To force a refresh, ask them to press **Ctrl + Shift + R** (or **Cmd + Shift + R** on Mac).*

Quick Tools (Top of Sidebar)

Admin Option	What it does	Where it shows on frontend
Dashboard /admin	Overview of all CMS sections. Click any card to jump to its editor. Shows recent edits, unread messages, and quick stats.	No direct frontend impact — info only
Live Chat /admin/chat	See and reply to customer chats in real-time. Each visitor session shown in left sidebar; click to open conversation. Type & press Enter to reply.	Chat appears in the floating bottom-right chat widget on every public page
AI Video Studio /admin/ai-video	Generate AI videos from text prompt OR upload videos made elsewhere (CapCut, Colab). Click "Set as Hero Background" to instantly use uploaded video on homepage.	Sets the background video that plays in the Hero section (top of homepage)

Home Management

Controls everything on the homepage (yanabiyagroup.com /)

Admin Option	What it does	Where it shows on frontend
Hero Section /admin/group/home/hero	Edit the main banner: headline, subheadline, background video, stats numbers.	Top section of homepage — large banner with video background
About Preview /admin/about	Short intro paragraph, tagline, and Mission/Vision/Goal cards.	Section right below the Hero on homepage
Services Preview /admin/group/home/service-s-preview	Configure how the 6 service cards display on the homepage.	"Our Services" section with 6 cards (IT, Export, Manpower etc.)
Branch Preview /admin/group/home/branch-preview	Configure the global presence section on homepage.	"Our Global Branches" section showing 4 countries
Statistics /admin/group/home/stats	Edit homepage stats: countries, partners, employees, years.	Number tiles between sections on the homepage
Testimonials /admin/group/home/testimonials	Manage client testimonials displayed on homepage.	"Trusted Network" / testimonials slider on homepage
CTA Sections /admin/group/home/cta	Edit the Call-To-Action banners (Become Partner, Join Team).	Green/dark CTA banners between sections
SEO Settings /admin/group/home/seo	Page title, meta description, Open Graph image.	Browser tab title + Google search preview

About Us Management

Controls the /about page

Admin Option	What it does	Where it shows on frontend
Hero Banner /admin/page-heroes	Top banner image and title of the About page.	Top of /about page
Company Overview /admin/about-page	Long-form company description, history, key facts.	/about page main content area

Admin Option	What it does	Where it shows on frontend
Media Library /admin/media	Browse, upload, and delete all images/videos used on the site.	All file uploads across the site (S3 storage)
SEO Global Settings /admin/seo/global	Site-wide defaults: title template, OG image, robots.txt.	Search engine indexing + social share previews

Common Workflows

I want to...	How to do it
Edit a phone number on the contact page	Admin → Global Settings → Contact Information → pick country → change phone → Save. Updates instantly on /contact page, slide-in panels, AND the Footer on every page.
Add or change the hero background video	Admin → AI Video Studio → upload a video file (or generate one) → click 'Set as Hero Background'. Refresh homepage to see it. Or: Admin → Home Management → Hero Section → paste a video URL → Save.
Change the chairman's bio	Admin → About Us Management → CEO Message → edit text → Save. Updates /people/ceo, the leadership pyramid on homepage, and the country-page chairman card.
Update a country's office address	Admin → Global Settings → Contact Information → pick country (Oman/UK/BD/US) → edit address → Save. Updates Footer, /contact slide-in panel, and country pages all at once.
Add a new partner logo	Admin → Our Network → Partners → click '+ Add Partner' → upload logo + name + URL → Save.
Reply to a customer chat	Admin → Live Chat → pick session from left list → type reply → press Enter. Customer sees reply instantly.
Change the site logo	Admin → Global Settings → Branding → upload new logo → Save. Updates navbar, footer, and page watermark.
Add or hide a menu item	Admin → Global Settings → Navbar → add/remove/reorder items → Save.

Tips for daily use

- ✓ Always click **Save** after editing — changes aren't applied automatically.
- ✓ For images: pictures should be at least 1200px wide for sharp display.
- ✓ Use the Media Library to manage all uploaded files in one place.
- ✓ Test your changes by opening the site in a private/incognito window after saving.
- ✓ The chat widget runs 24/7 — set up email notifications so you're alerted to new chats.
- ✓ Browser auto-translate: the site supports 12 languages — visitors can switch from the language picker.
